HONEYGUIDE TENTED SAFARI CAMPS

OUR 5 IMMERSIVE SAFARI PROPERTIES

It all started in Africa over three decades ago. Owner, Søren Rasmussen, was one of the first to send Scandinavian travellers on safari to East Africa. After many years' experience, we have since perfected and honed our safari properties to provide authentic bush adventures for even the most seasoned travellers. From our Khoka Moya & Mantobeni Camps that reminds of Hemingway's Africa in the private Manyeleti Game Reserve bordering Kruger National Park, to the malaria-free Honeyguide Ranger Camp with its exceptional luxury sister property, Honeyguide Conservation Lodge - a mere 3h drive North of Johannesburg - to our astounding Honeyguide Tarangire Camp in East Africa. Our establishments provide excellent guest experiences set in authentic surroundings without compromising on comfort and safety.

We have carefully selected our properties to provide optimal bush and safari experiences for all our guests. Perfectly blending serenity, affordable luxury, and adventure, our camps offer guests a deep and rich immersion in untouched nature within wildlife-rich regions of South Africa & East Africa.

MANYELETI GAME RESERVE
DE EXPLORER CAMP

MANYELETI GAME RESERVE

AMIDST BEST-KNOWN SAFARI LOCATIONS, WORLDWIDE

Sharing open borders with the world-famous Kruger National Park and situated between the Timbavati and the Sabi Sand Reserves, lies the Manyeleti Game Reserve which encompasses 23,000 hectares of land. An hour away from the nearest air strip, the Manyeleti Reserve is home to our two luxury tented camps – Mantobeni and Khoka Moya, as well as our new Explorer Camp experience.

Each camp offers breath-taking wildlife experiences, tranquil surroundings, and scrumptious hearty cuisine served at communal open air dining tables. Under the profound knowledge and extensive experience of our Rangers, you will get to experience the thrill of daily game drives in open vehicles as well as nature walks, morning, and late afternoon.

The reserve is home to the Big Five, hundreds of bird species and a variety of wild game species to delight all seeking to commune with the natural world. The wonder, beauty and drama of the majestic African bush is brought to you up close and personal, fulfilling the Honeyguide motto "Closer to Nature".

HONEYGUIDE EXPLORER CAMP

AN EXPERIENCE THAT TAKES YOU CLOSER THAN EVER BEFORE

The Explorer Camp Experience is designed for travellers who want to move with the bush rather than merely observe it. This is a more active, adventurous safari — one that trades permanent structures for immersion, and predictability for discovery, while maintaining Honeyguide's promise of luxury and comfort.

Set within a mobile campsite, Explorer Camp is intentionally temporary and lightly placed in the landscape. Without the comforts and separation of a permanently established lodge, guests are far more connected to their surroundings — the sounds, scents, and rhythms of the wild become part of daily life. Nights are quieter, walks are longer, and the bush feels closer because it quite literally is.

This experience is best suited to confident, curious travellers who enjoy walking safaris, early starts, and the physicality of exploring on foot. Comfort is still thoughtfully considered, but the emphasis is on authenticity, movement, and a deeper engagement with one of Africa's wildest regions. If your idea of luxury includes immersion, simplicity, and stories earned rather than scheduled, Explorer Camp delivers safari in its most elemental form.

LOUNGE & MESS TENT

The mess tent and bar area are styled in classic Hemingway-inspired safari fashion, featuring a communal dining space alongside a relaxed lounge, bar, and a small library where guests can unwind between activities. The self-service bar offers a good selection of local beverages, with a range of premium brands available for purchase.

In order to minimise our environmental footprint and comply with environmental impact guidelines, the camp operates on solar power. Both breakfast and dinner are served as plated meals, offering a modern menu inspired by African flavours and ingredients. Afternoon tea is served daily.

TENT FEATURES

Each tent features two single beds fitted with mosquito nets and reading lights, along with luggage racks (note: larger luggage can also be left at Honeyguide Khoka Moya Camp upon check-in). The tents are also furnished with two safari chairs and a small coffee table, creating a comfortable space to relax while taking in the surrounding bush.

Each tent is equipped with a safe for valuables. The en-suite bathroom consists of a chemical cassette toilet (cleaned daily), a wash basin, hot shower, and a small vanity.

ITINERARY

Day 1: Into the Wild

Check-in: 12:00–14:00

Guests check in at Khoka Moya Camp, where safety briefings and formalities are completed. Time to relax in the lounge before setting off on foot for Honeyguide Explorer Camp. The walk to camp takes a few hours, focusing on indigenous flora and the smaller details of the bush. This is Big Five territory, so anything is possible. Lunch is enjoyed en route.

Arrive at Explorer Camp with time to settle in before meeting around the boma for pre-dinner drinks and a relaxed dinner under the stars in our mess/lounge tent.

Day 2: Walking the

Big Five

An early start with tea or coffee before heading out on a three-hour guided walk toward our sister property, Honeyguide Mantobeni Camp. Wildlife encounters are not guaranteed, but elephants are often on the move at this time of year, and you will almost surely encounter various other forms of wildlife.

On arrival, a well-earned breakfast awaits, followed by time to unwind by the pool or book a spa treatment. Later, guests are transferred back to Explorer Camp to freshen up before an afternoon game drive. The route, and the sightings, are decided by the bush on the day. Return to camp for pre-dinner drinks and dinner.

Day 3: Bush Breakfast

& New Horizons

Wake to the sounds of the bush and enjoy a hot drink before heading out on a morning game drive. Instead of returning to camp, stop for a bush breakfast in the wild.

Later, visit Nourish Eco Village, before returning to camp for lunch.

In the afternoon, head out in the game cruiser to explore a new area of the reserve, returning to camp for a final evening around the fire and a memorable last dinner.

Day 4: Farewell to

the Bush

Enjoy a final morning bush walk before returning to camp for breakfast.

Guests are then transferred back to Honeyguide Khoka Moya Camp to complete check-out procedures.
